Haze

Author's Notes:

Sweat rolls down his face, eyes drawn to the small body in front of him. Deep brown eyes take in the sparse hair on his bare chest, nervous muscles twitching from the intense heat.

Warmth builds inside, spreading downward to his hips. He bites his lip, willing his body to behave in the confined space.

The object of his affection giggles, small hands tickling down his sides. A smile covers his face, body leaning into the thick arms of his lover.

Eyes glance down, unwilling to watch him anymore. Sadness fills his heart, burying thoughts of lust deep inside again.
